Membership Committee Information Session

Current Chair: Susane Dardeir, NJSHA President Elect

Vice Chair: Natalie Neubauer, NJSHA President

The "Wh's and H" of the NJSHA Membership Committee

Who…

makes up the Membership Committee for NJSHA:

The Membership Committee is made up of Speech-Language Pathologists and Audiologists who are driven to support and advocate for the needs of current NJSHA members and expand the membership at large with new members.

What…

do we do as the Membership Committee:

- We focus on professional member, student member, and community outreach to promote the benefits of NJSHA membership and the resources and advocacy available.
- We work with website and social media to disseminate information to members and prospective members about NJSHA initiatives and opportunities.
- We run a yearly membership drive, brainstorm member incentive programs, support convention promotion and facilitate student member activities including Student Connects, CCC Project, and Ryan's Toy Roundup.

When…

does the Membership Committee meet:

We try to meet once a month, although subcommittees may meet more often

Where…

do we meet for meetings:

Our Membership meetings are held virtually through Zoom.

Why…

participate in the Membership Committee:

We are a great group of individuals that share a common interest in learning and wanting to support our NJSHA colleagues and our state association's health. You can be on the ground floor in planning membership activities for current and prospective members

How…

to get involved:

All you need is to be a NJSHA member to participate in the committee. Reach out to info@njsha.org if you are interested in joining or let us know today!
