

Fun With AAC: Playground Board Edition

"Stop and Go"

What You Need

- Space to run, you, and your friends!

Rules

- All the racers start at one point and one person acts as a stop light saying and modeling on the board **"STOP"** or **"GO"**.
- Whoever gets to the finish line or tags the stop light first is the winner.
- You can also give directions to each racer individually or add more steps to the directions for the racers to move forward.
 - For example, **"Take 3 big steps, then jump 2 times."**

More Creative Ideas

- You can model other words to direct how the racers move toward the finish line: **go slow, go fast, slower, faster, take big steps, take little steps.**
- Or you can give directions to walk like different animals, take a certain number of steps, or use other describing words to tell the racers how to move.

Target Words

- Stop
- Go
- There
- Is/Are
- Do/Did
- I/You/Me
- He/She/They
- Big/Little
- Fast/Slow
- Like/Dislike
- Take
- Win
