

“I SPY”

WHAT YOU NEED

- Access to a playground board and/or an AAC device
- Friends to play with
- Optional: pointer for modeling or for players to reach symbols depending on board size

RULES

- Stand near the playground board where players can see it clearly, and are close enough to point to the symbols
- Choose a "spy" (the person who picks a hidden item).
 - Either player can go first
- The spy selects something on the playground board and gives a clue using available words or with their AAC device.
- Model the clue frame: "I spy something ____" (color, shape, or size word)
- The other player looks at the board and guesses by pointing to the item
- Confirm right or wrong answers:
 - "yes, that's it!" or "no, try again."

Switch turns and play again!
